PRESIDENT'S MESSAGE:

Although Summer may officially have ended, one would never know by the temperature. Hopefully, all of you were able to get away from the heat for a while and most importantly, you did well throughout Irma's visit. Luckily, she was not as strong as predicted, although many of us were without power for a couple of days. My wish is that all of you have recuperated and are back to your normal routines.

Our annual breakfast was another success with a beautiful morning, great food and many neighbors and visitors. One of the detectives told me we have one of the best HOA's, all of course, due to our volunteers who set up and take down, cook and clean up; these are the backbone of our group. The large number of neighbors that attend are what drives us and makes us want to do it again. Next year, please come along to the breakfast, bring a neighbor or make a new friend by meeting new neighbors. You can drive, walk or ride your bike. Parking is available. If you need a ride, let us know, but do come and join us.

- **Burglary Detective Insko** has reported a "few suspicious incidents" this summer and suggests we remain vigilant – lock cars, close garage doors, pick up newspapers that might indicate someone is not home. Remember: **IF YOU SEE SOMETHING, SAY SOMETHING! Non-emergency number 562-4242.**

When you see the Solid Waste trucks and workers, thank them for picking up so quickly after the storm. They really did a good job soon after Hurricane Irma.

- **ONLY RAIN DOWN THE DRAIN** is a new logo on all the concrete covers over the storm sewers. Please don't place your cans and clippings on these as they could end up going into the drain, the acquirer and block up our amazing drainage.
